

ACE

PITCHING

MACHINE

- *Real game hitting experience*
- *Learn to read ball speed and spin*
- *Simple to set up and use*

Developed in conjunction with a professional hitting coach, "The ACE" pitching machine is like no other training tool on the market today.

A random sequence of major league quality fastballs, curveballs and change-ups are thrown automatically - you don't know what's coming next!

Our patented wheel design holds the ball just like a pitcher - two fingers on top and one on the bottom.

*On board computer fires
random pitch sequence*
